

California OES Weather Threat Briefing

Monday, January 21, 2019
9:00 AM PST

Day 1: Gusty offshore winds today across southern CA will bring the potential for downed trees and powerlines.

National Weather Service
Western Region Headquarters
Regional Operations Center
Salt Lake City, UT

Key Points

01/21/19 - 01/27/19

Monday

- Minor coastal flooding possible along the northern CA coast on Monday and Tuesday.
- Strong winds may blow down limbs, trees, and power lines across coastal (Bay Area), southern and inland CA. Scattered power outages are possible.

Tuesday-Saturday

- Gusty Santa Ana/offshore winds are expected to develop Tuesday across southern CA and continue through about noon on Wednesday.
- No major impacts expected Wednesday through Saturday.
